

Whatcom Watershed Information Network

WWIN

The Whatcom Watershed Information Network is a network of representatives from government agencies, non-profit organizations, educational institutions and citizens who are involved and interested in marine and fresh water ecosystems and natural resources education and outreach.

Our Mission ...

The primary mission of the network is to support and improve watershed education, stewardship, information exchange and public involvement efforts in Whatcom County."

Goals

- *To serve the community by providing technically sound unbiased information about marine and freshwater ecosystems, watersheds, and natural resource issues, and provide opportunities for people to support responsible stewardship;*
- *To share information and expertise about education and outreach programs;*
- *To facilitate and collaborate in providing community education and outreach;*
- *To enhance opportunities for partnerships in seeking funding for projects and activities;*
- *To reduce duplication, enhance efficiency by supporting specialization and utilizing diverse skills;*
- *To serve as a link between local education/outreach efforts and larger regional efforts such as the Puget Sound Partnership ECO Network.*
- *To identify education/outreach needs in Whatcom County;*
- *To serve as a resource for the evaluation of programs;*
